

BHS CELL PHONE POLICY

AND PERSONAL ELECTRONICS AT SCHOOL

POLICY

Classrooms will be free of phones, smartwatches, and Bluetooth earbuds during the class period. Students will place their devices on silent or turned off and store them in their backpacks or lockers. Device time will not be given as an incentive or for free time within a classroom.

WHY?

Cell phones can be harmful to relationships and to learning, which are the two most important aspects of school.

HOW CAN YOU AND YOUR STUDENT CONNECT DURING THE DAY:

The school office can take messages from parents/guardians and get those messages to your student regarding after-school plans, etc. Students can also use the school phones when necessary. Students can use their personal devices during passing period or at lunch.
